CALL FOR PAPERS: The Organizing Committee of INCEDI 2016 invites the academic community, researchers, educational experts, educational managers and administrators, development institutions, educational funders, industry leaders, doctoral and postgraduate students to the International Conference Education, Development and Innovation (INCEDI 2016).

ABOUT INCEDI: INCEDI 2016 will create the platform for academics, researchers and education experts, doctoral and postgraduate students as well as industry players to share their research findings, papers and experiences, in a multi-cultural atmosphere, interact with colleagues and accomplished professionals. INCEDI will create networking opportunities, enhance the establishment of professional relationships and new partnerships.

One of the key high points of the conference, as the main theme suggests, is how educators use technology in teaching to design and deliver learning activities, thus, providing students with richer and more personalized learning experiences in the process. Another significant aspect of the conference is the opportunity to interact with industry. This important feature of the conference where industry will interact with the kingpins of academia and research institutions will ensure that those who train and those who require the workforce will discuss directly, skill levels and knowledge requirements for the future. Additionally, a capacity building pre-conference workshop for the faculties of both public and private universities on enhancing their research profile in academia, exposure to emerging technologies in education delivery as well as support to doctoral candidates on their research journey, among others will be organized.

SUB-THEMES
1) INNOVATIONS AND TECHNOLOGY IN EDUCATION
2) LABOUR MARKET SKILL NEEDS AND CHALLENGES FOR UNIVERSITY-INDUSTRY COOPERATION
3) ENTREPRENEURSHIP EDUCATION, CAREER DEVELOPMENT AND TRAINING
4) CURRENT ISSUES IN TEACHER EDUCATION
5) ISSUES IN HIGHER AND PRE-TERTIARY EDUCATION
6) EDUCATION MANAGEMENT AND DEVELOPMENT

PUBLICATIONS: All accepted papers would be published in the conference proceedings – INCEDI 2016 Proceedings. Papers will be peer reviewed for publication in the Journal of Education, Development and Innovation (JEDI), a multidisciplinary Journal of the Methodist University College Ghana.
